John Small Fund

Deposited May 3, 1937	$200.00
Dividend to Oct. 1937	2.50
Cash on hand Dec. 31, 1937	$202.50

Respectfully submitted,

MILDRED B. PAINE,
MADELEINE M. CROWELL,
HILLARY M. LeCLAIRE,
Trustees of Brooks Free Library.

The general routine of Brook's Free Library has been about the same as in previous years. The usual service has been rendered to the public schools and portions of town not served by other libraries.

During the summer many strangers called to see the Roger's groups, remaining to look over and comment on the

splendid section of non-fiction books and the attractiveness of the library as a whole.

Owing to unexpected demands concerning the building, only one hundred dollars was used for fiction from the appropriation. Another hundred covered our Junior Guild and magazine subscriptions. From the Nickerson Fund the trustees were able to buy about two hundred dollars worth of non-fiction so that the same amount usually laid aside for books was available to the librarian even though it did not all come from the Town's appropriation.

In May the sum of two hundred dollars was received by the trustees from the will of John Small of South Harwich. This money is to be used without restriction for the purchase of certain types of non-fiction. At present the entire sum is deposited in the Cape Cod Five Cents Savings Bank to earn a bit of interest while the trustees are deciding what to buy. The children's room is now completed and is considered one of the best in this part of the State.

The formal opening was held on February sixth and was well attended by interested townspeople and librarians and trustees from neighboring libraries, who were invited guests.

On April seventh the County Commissioners and court officials were hosts at the opening exercises and inspection of the Court quarters. It was a very fine affair and gave the trustees deep satisfaction to see a dream of years' standing come true—that of having the lower floor of the building in their charge transformed from a rough, worthless interior into the fine finished product worthy of the dignity of their tenants and their town's ownership.

Two books of special interest have been added with in the last few weeks—namely: a translation into English of Minstral's "Song of the Rhone" by Prof. Maro B. Jones, head of the Romance Language Dept., Pomona College,

Claremont, California and a much needed "History of Harwich" by Josiah Paine, compiled by his son John H. Paine. These three men are natives of this town.

We extend thanks to Mrs. W. B. Wiese, mother of Mrs. Ralph W. Brett for making and sending the beautiful scrap-books for our children's reading table and to Mrs. Bernard Andrews for another of her gifts to the librarian.

We also thank all who have, this year, given books or done favors to add to the library's usefulness and success.

Respectfully submitted,

MILDRED B. PAINE,
MADELEINE M. CROWELL,
HILLARY M. LeCLAIRE,

Trustees of Brooks Free Library.

REPORT OF THE SCHOOL HOUSE BUILDING COMMITTEE

To the Taxpayers of the Town of Harwich:

At the Annual Town Meeting held February 3, 1936 the citizens generously voted $120,000. for the purpose of erecting and equipping a Junior-Senior High School and the following committee was selected to carry on the work.

Henry W. Thompson, Chairman

Charles T. Chase	Charles H. Pratt
Henry M. Small	Edwin M. Surprise
Loring G. Williams	Ralph W. Doane

Special Town Meetings were held on May 22, July 31 and September 18, Brooks Park, the Chester Snow property and the Sisson Road tract being selected in the order named, the two former discarded by rescinding votes. The purchase price, $4,700., was appropriated at the September 18th meeting.

The Sisson Road property is upwards of fourteen acres in extent, and in contour and natural resources lends itself admirably to the purpose, providing ample space for the various athletic activities and recreation.

Your committee had, in the meantime, examined plans submitted by many architects, the final selection being those submitted by Colonel Harold R. Duffie of West Roxbury, Mass.

Professor Herbert Blair of Boston University was retained as educational advisor.

Irving P. Rocheford, Builder, of Framingham, Mass. was the successful bidder, and construction work was started October 14, 1936. The building was ready for occupancy at the opening of the 1937-38 term, on September 8, 1937.

The structure is pure Georgian type of architecture, second class construction, i.e. masonry walls and wood floors, except the corridors and stair wells which are strictly fire proof.

Modern heating and ventilating methods are employed and every effort has been made to provide for the comfort and safety of the pupils. Each pupil is furnished with a private locker for personal use.

In addition to the necessary class rooms there is an assembly hall with a seating capacity of 450, manual arts and home economics departments and a cafeteria with kitchen for school luncheons.

The assembly hall is also used as a gymnasium, providing for physical education and the cafeteria as a study hall except during the luncheon period.

A modern public address system permits broadcasting to any or all rooms which are also connected with the Principal's office by an interior telephone system.

An electric clock automatically signals the periods and projection apparatus located in a fire-proof booth permits the showing of educational pictures during the assembly periods.

The cafeteria kitchen and domestic science rooms have modern gas and electric refrigerators and gas ranges.

At a special Town Meeting held July 23, 1937 the citizens voted to appropriate an additional sum of $12,500. $2,000. of this was necessary for constructing entrance drive and sidewalks and doing rough grading not included in the original contract and $10,500. to cover improvement of plant deemed advisable and for necessary added equipment.

Finished grading of the tract, provision for parking space and layout of athletic fields is now proceeding under W. P. A. grant.

Complying with a suggestion made by the late Henry W. Thompson that the Town of Harwich, England might

care to express interest in her American namesake, a copy of the Arms of the Borough of Harwich, framed in oak taken from a beam in the old Duke of Norfolk Hotel, was duly sealed by the Councillors and donated to our school together with a copy of the "Calendar of the Borough Muniments" (corresponding to our Annual Report) this being signed by the Mayor, the Board of Aldermen and the Councillors.

On November 29 we sustained a severe loss through the death of Chairman Henry Wood Thompson.

Mr. Thompson's interest in furthering the educational advantages for our children is well known and his untiring energy and careful planning contributed largely to the successful completion of the project.

Following is a summarized statement of appropriations and expenditures to date, details of which, with supporting vouchers, are on file in the Town Clerk's office.

Construction Account

Appropriated February 3, 1936		$120,000.00
Expenditures:		
Paid Contractor	$107,394.00	
Paid Architect	7,215.44	
Equipment and Construction outside of Original Contract	4,773.41	
Miscellaneous	617.15	
		$120,000.00
Appropriated July 23, 1937		$12,500.00
Expended for grading and equipment to December 21, 1937	$9,722.28	
Unexpended	2,777.72	
		$12,500.00

Contract for equipment has been made which will call for the expenditure of the $2,777.72 balance shown above.

Your committee has worked in complete harmony throughout and feels that is has faithfully followed the desires of the taxpayers of the Town in providing structure and equipment second to none in its class.

EDWIN M. SURPRISE,
Vice Chairman
HENRY W. THOMPSON,
CHARLES T. CHASE,
HENRY M. SMALL,
CHARLES H. PRATT,
LORING G. WILLIAMS,
RALPH W. DOANE,

The School House Building Committee.

FRANKLIN D. UNDERWOOD.

REPORT OF THE FIRE AND FOREST WARDEN DEPARTMENTS FOR THE YEAR 1937

To the Hon. Board of Selectmen and
To the Citizens of the Town of Harwich:

I hereby respectfully submit my annual report of the activities and the expenditures of the Departments for 1937.

The Departments have responded to eighty-three calls, as follows:

House Fires	12
Chimney Fires	11
Oil Heating Units	5
Brush Fires	3
Grass Fires	13
Roadside Fires	1
Forest Fires	10
Dump Fires	4
Auto Fires	3
Uncared for permit fires	3
Fires, no permit	4
Checking on permit fires	8
Permits revoked for open air fires	1
False alarms	2
Drownings	2
Cave-in, sand pit, rescue work	1
Total	83

Estimated value of Bldgs. and Contents	$122,750.00
Estimated loss on Bldgs. and Contents	5,490.00
Estimated acres of Forest and Grass land burned	21½

The following is a list of Inspections and number of permits issued:

Building Inspections	3
Fire Hazard Inspections	5
Incinerator Inspections	1
Smoke Nuisance Inspections	1
Oil Burner and Storage of Oil Inspections	31
Oil Storage Inspections	20
Gasoline Storage	7
Oil, Turpentine, Alcohol Inspections	1
Small Fireworks Inspection	5

Permits issued for Oil Burners	48
Permits issued for Oil Storage	37
Permits issued for Oil, Turpentine and Alcohol	1
Permits issued for Gasoline and Oils	7
Permits issued for Small Fireworks	5
Permits issued for Open Air Fires	338

The Mass. Department of Education, Division of Vocational Training, held five lessons of three hours each under supervision of Drill Masters of various City Departments on Firemen's Training, on five consecutive Sunday afternoons. Chiefs and firemen from Hyannis, Orleans and Harwich attended.

The members of the department have held 18 weekly drills of 2 hours each this past year.

Respectfully submitted,

GEORGE M. MOODY,

Chief of Fire Department and Forest Warden.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

To:
The Honorable Board of Selectmen,
Town of Harwich,

Gentlemen:

I herewith respectfully submit my fourth annual report as Sealer of Weights and measures for the Town of Harwich for the year ending December 31, 1937.

I wish to express my appreciation for the cooperation received from the Board of Selectmen and all others that I have come in contact with in the performance of my duties.

Following is a list of work accomplished by this department:

Kindling Wood in paper bags	4
Lard	12
Liquid Commodities	3
Meat and Provisions	11
Potatoes	43

Respectfully submitted,

VICTOR S. RYDER,

Sealer of Weights and Measures.

REPORT OF THE HARWICH PLANNING BOARD

To the Citizens of the Town of Harwich:

We herewith submit the report of the Planning Board for the year 1937.

The Board has held regular meetings which were open to the public at all times. Several special meetings and public hearings were also held in addition to the regular gatherings.

A set of Zoning By-Laws was drawn up which we submit to you in this years Annual Town Warrant for your approval. Plans for safety and possible traffic easement have been formulated. A few bad corners in the town have been corrected. A series of directional signs have been designed for future use on the main highways. A Zoning Map, outlining zoned districts, has been made and will accompany the Zoning By-Laws for approval.

Two members of the Board have also been appointed to represent Harwich in the Central Cape Planning Committee.

Attached is the financial statement covering expenditures of the Board up to January 1, 1938.

Appropriation		$1,200.00
Stationery	$ 1.00	
Postage	11.26	
Typing	14.80	
Printing	30.00	
		57.06
Unexpended balance		$1,142.94

Respectfully submitted,

Lawrence B. Robbins, Sec.-Treas.
F. E. Joseph, Chairman
W. F. Kershaw
R. H. Nye
W. W. Kelley

REPORT OF
THE BOARD OF WATER COMMISSIONERS

To the Citizens of the Town of Harwich:

We wish to submit herewith our annual report for the year ending December 31st, 1937.

At the annual Town Meeting in February, three Water Commissioners were elected as follows: George D. Maxwell for 3 years, Theron C. Holmes for 2 years and Walter E. Cahoon for 1 year. The Board organized on February 4th with George D. Maxwell, Chairman; Walter E. Cahoon, Secretary and Theron C. Holmes. The operating and office staff for 1937 were Lewis A. W. Swett, Superintendent and Norwood W. Bee, Clerk and Collector. We are pleased to report the plant has functioned successfully to meet all requirements during the first year of operation with only a few minor repairs found necessary. There have been no breaks in the water mains and the required pressure has been maintained throughout the year. One hydrant was broken and damaged by an automobile requiring replacement which was accomplished without interruption of service.

SERVICES

Although the Town was thoroughly canvassed in 1936 for service connections to be installed under P.W.A. at reduced rates or a cash saving of 45% which resulted in installation of 207 services, we have during 1937 received applications and installed 50 additional new services under the Water Department which is exceptionally good considering said canvass. Every service to date has been metered which is the most effective means of controlling waste of water and gives an accurate record of water consumption. In all cases there has been but one meter installed

per service and the owner is held responsible for all water passing through this meter. In extreme conditions which might result in damage or freezing of a meter, a meter pit or suitable protection has been required before installation of meter has been made. During the past year, we have experienced much activity in the way of new construction, considering we are a new water system in the first year of existence, entirely on our own.

EXTENSIONS

At the last regular Town Meeting the citizens of Harwich voted to extend the pipe lines along Sisson Road and Park Street. On Sisson Road an 8'' pipe was laid from the 6'' pipe at the intersection of Parallel Street and Sisson Road to a point West of the Alms House on Sisson Road. This work was started as soon as practicable so as to serve water to the New High School then under construction.

A 6'' pipe line was laid on Park Street connecting with the 6'' line on Oak Street shortly after the completion of the Sisson Road extension. This pipe terminated at a point about 125 feet East of the residence of Norman E. Holmes. All Labor engaged on these two projects were residents of Harwich, the work being carried out under the direction and supervision of the Water Department.

ELEVATED TANK

In August the Chicago Bridge and Iron Works repainted the riser pipe of the elevated tank. The original paint work was not accepted under the Contract. There was no expense to the Town for this work. The paint on the tank as a whole has not stood up well and considerable concern has been felt about it. Through the efforts of Whitman and Howard, Engineers and the Water Department, the Chicago Bridge and Iron Works have graciously agreed to paint the whole tank at no expense to the Town. This will be done as soon as the weather permits, probably during the month of May of the present year.

STATISTICS OF THE WATER DEPARTMENT FOR 1937

Service Connections:

Alive	166
Dead	90
Summer	72

Public Hydrants, 110 Sprinkler Systems, 1

Source of Supply:

Four 52'' Gravel Packed Wells with 6'' well pipe.

Type of Supply: Pumping.

Method of Distribution:

From Elevated Tank, Capacity 250,000 Gallons.

Pipe System:

1.	Distribution pipes, total:			17.2 miles
2.	''	''	10'' diam.	5.7 ''
	''	''	8'' ''	5.2 ''
	''	''	6'' ''	5.7 ''
	''	''	2'' ''	.6 ''

Pumping Plant:

One diesel driven centrifugal pump, cap. 500 g.p.m.
One gasoline driven centrifugal pump, cap. 500 g.p.m.

Gross earnings for the year, $8,516 were equivalent to

Per Capita	Per Service	Per mile of Distribution pipe	Per million gallons
$8.52	$51.20	$495.00	$690.00

Water Consumption

Total metered consumption	5,607,000 gals.	
Total used for flushing (estimated)	3,532,000 gals.	
		9,139,000 gals.

Average daily water supplied:

33,800 gallons

Maximum rate of consumption for:

1. Month, 2,250,000 gallons
2. Week, 670,000 gallons

Average per capita consumption:

34 gallons per day

Average per service consumption:

200 gallons per day

Unit Construction Costs of Work During Year:

Pipe line extensions

Street	Size	Total Feet	Cost Per Foot
Sisson Rd. from Parallel St. to New High School	8''	1671	$1.77
Sisson Rd. from New High School to present dead end west of Alms House	8''	755	$1.99
Park St. (Center) from Oak St. to present dead end	6''	579	$1.59

SUMMARY

We have endeavored to serve the citizens of the Town of Harwich to the best of our ability and we sincerely hope and believe we have been successful in our effort.

Respectfully submitted,

George D. Maxwell,
Theron C. Holmes,
Walter E. Cahoon,

Board of Water Commissioners
Harwich Water Department.

REPORT OF INSPECTOR OF PLUMBING

To the Honorable Board of Health:

I submit for your approval the following report for the year 1937.

Number of permits issued	149
Permit fees	$392.00
Assessors value of new plumbing	$46,225.00

While I have issued twenty-four more permits than in 1936 there have been a great many small jobs and alterations in old houses.

Respectfully submitted,

JOHN T. WOOD,
Inspector of Plumbing.

REPORT OF THE POLICE DEPARTMENT

To:

The Honorable Board of Selectmen,
Town of Harwich, Mass.

Gentlemen:

I herewith respectfully submit my fifth annual report of the Police Department for the Town of Harwich, for the year ending December 31, 1937.

Adultery	3
Assault and Battery	6
Assault, attempt to Rape	1
Breaking and Entering	4
Disturbing the Peace	4
Driving to Endanger	3
Driving while Intoxicated	7
Drunkenness	38
Fonication	1
Gaming	9
Larceny	12
Motor Vehicle Laws	14
Non Support	5
Peddling without a License	4
Possession of gaming Implements	3
Receiving stolen goods	1
Vagrants	1
Violation of Liquor Laws	3
Violation of the Illegitimate Child Act	1
Violation of Mattress Law	1

Persons confined to Lockup by:

Harwich Police	74
Outside Police	13

Trips to outside Institutions:

Taunton State Hospital	1
Reading State Hospital	1
Bridgewater State Farm	1
Boston Hospital	1
Greenfield Police Headquarters	1
District Court—Provincetown	28

Disposition of Cases

Not Guilty	1
Dismissed	1
Filed	22
Sentenced to House of Correction	31
Appealed	6
Fined	40
Total of Fines	$835.00
Bound over to the Grand Jury	3

Automobiles taken without authority, recovered and returned to owners	2
Automobile accidents investigated	40
Arrests for other Departments	
For Larceny, non-support, assault and murder	8
Animals reported missing, found and returned to owner	10
Amount due the Town of Harwich from outside Towns for the use of lockup	$32.00
Complaints received and investigated	473
Distance covered by Patrol car	32,535 Mi.
Fatal accidents	1
Fires attended	28
Missing persons located	18
Permits issued to sell 2nd hand cars	
Persons injured in automobile accidents	43
Persons drowned	2
Search Warrants served	8

Summons served for Harwich Police	42
Summons served for Outside Police	10

The number of arrests for the year 1937 was less than for the previous year.

There being only one fatal automobile accident, the general routine work of the department has increased.

The Sheriff of our County has proposed a program for the several towns of the County to unite all of the police departments through short wave radio.

I fully realize that at this time the tax payers have a very heavy tax burden, I feel that radio equipment for the police department is of vital importance. The Sheriff proposes to have a central police radio station at the County jail and desires the several towns to provide through local appropriation sufficient funds to equip their respective police departments with necessary radio equipment to work in conjunction with the sheriff's department.

Criminals have resorted to modern methods in the commission of crime, and police departments must keep abreast with the ever changing times.

Our present methods of crime prevention and apprehension of criminals is out of date.

I trust that the people of Harwich, will give this matter serious thought and in the near future devise ways and means to modernize our police department.

EMULOUS E. HALL,

Chief of Police.

Article 6. To see if the town will vote to instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85, and acts and amendments thereto, to the revised Laws of Massachusetts, and to make any regulations in regard to such fisheries as may be expedient and act fully thereon.

Accepted and adopted as read.

Article 7. To see if the Town will vote to erect and maintain one electric street light in front of the Pumping Station on Chatham Road.

Accepted and adopted. $17.00 raised and appropriated.

Article 8. To see if the Town will vote to erect and maintain one street light on a pole near the residence of Jennie Ashley, Depot Street, West Harwich, and act fully thereon.

Accepted and adopted. The light to be established on pole in front of said house and $17.00 issued and appropriated.

Article 9. To see if the Town will vote to install and maintain two electric lights on Wah-Wah-Taysee Road, Harwichport, and two on Hiawatha Road.

Voted to establish lights on 2nd and 5th poles on Hiawatha Road counting from the Lower County Road. To be

maintained in the summer season only. $36.00 raised and appropriated.

Article 10. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on Harbor Road, West Harwich, one to be placed at the intersection of Riverside Drive and Harbor Road, and the other at the other end of Harbor Road.

Voted, that one light be installed on the corner of Harbor Road, and Riverside Drive. $17.00 to be raised and appropriated.

Article 11. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights to be placed on Forest Street, Harwich Port, between the Golf Club and the residence of Harold Eldredge.

Indefinitely postponed.

Article 12. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on Zylpha Road, Harwichport.

Voted to install one light each on the 2nd and 5th poles, going south on Zylpha Road, to be maintained in summer season. $18.00 raised and appropriated.

Article 13. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain five street lights to be placed on the Lower County Road in West Harwich; one at the intersection of Grey Neck Road and Lower County Road; one half-way between Grey Neck Road and Pleasant Road; one at the intersection of Pleasant Road and Lower County Road; one half-way between Pleasant Road and Chase Street; and one at the intersection of Chase Street and Lower County Road.

Voted to install four lights on Lower County Road, beginning at the intersection of Chase Street and extending east. Lights to be placed on the 1st, 5th, 10th and 13th poles. $68.00 were raised and appropriated.

Article 14. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain a street light on the third pole on Chase Street in West Harwich, near the intersection of Pleasant Road. By request.

Indefinitely postponed.

Article 15. To see if the Town will vote to continue the construction of the bituminous sidewalk on the south side of Lower County Road, Harwichport, from the shop of Walter Emery to Hiawatha Road.

Indefinitely postponed.

Article 16. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000.00) to build a sidewalk on the East side of Pleasant Lake Avenue, to be hardened with bituminous concrete or hot-mix; to start at the North side of "Exchange Building" and extend northerly as far as money will go.

Accepted and adopted, and $500.00 raised and appropriated.

Article 17. To see if the Town will raise and appropriate the sum of Twenty-seven Dollars Fifty Cents ($27.50) to cover the cost of installing four electric lights under each of the balconies in Exchange Hall, providing illumination for Cape musical organizations when playing from the floor.

Accepted and adopted. $27.50 raised and appropriated.

Article 18. To see if the Town will raise and appropriate the sum of Two Hundred Fifty Dollars ($250.) to defray the expenses of the Junior Community Band and other Cape musical organizations, in giving free band or orchestral concerts at Brooks Park, and act fully thereon.

Accepted and adopted. $250.00 raised and appropriated.

Article 19. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars ($100.) to reset and repair eleven headstones in the old cemetery at the Centre, which were broken by miscreants during the past year.

Accepted and adopted and $100.00 raised and appropriated.

Article 20. To see if the Town will vote to discontinue as a Town Way that portion of Belmont Avenue, being in that part of said Town of Harwich called West Harwich, lying south of the southerly line of intersection of Chase Avenue, the said portion being located between the Hotel Belmont property on the east, and property belonging to James R. Strong on the west.

Indefinitely postponed.

Article 21. To see if the Town will vote to extend construction of its Town Water System, from the present dead-end at junction of Oak and Park Streets, westward through Park Street to the Harwich-Brewster Road, so called, thence southerly through said Harwich-Brewster Road, connecting with the existing Water System at Main Street in Harwich Centre, near the Exchange Building; and raise and appropriate a sufficient sum of money therefor.

It was voted: That the town extend the water system or water mains from the present dead-end at junction of Oak and Park Streets, westward along Park Street a distance of five hundred and twenty feet to a point abreast the residence of Norman E. Holmes and that the sum of One Thousand Dollars to be raised and appropriated.

Accepted and adopted and $1,000.00 raised and appropriated.

Article 22. To see if the Town will vote to extend construction of its Town Water System from Parallel Street near the present High School location, along Sisson Road

toward South Street, and raise and appropriate the sum of Forty-seven Hundred Dollars ($4,700.00) therefor.

Accepted and adopted, $4,700.00 raised and appropriated.

Article 23. To see if the Town will vote to raise and appropriate the sum of Twenty-six Hundred Dollars ($2,600.00) to extend the Water Main from near the George Fottler homestead to a point called Uncle Venie's Road at Kozy Korner.

Indefinitely postponed.

Article 24. To see if the Town will vote to raise and appropriate a sum not to exceed Five Hundred Dollars ($500.00) to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment, in accordance with Section 74 of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

Accepted and adopted, $500.00 raised and appropriated.

Article 25. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars ($300.00) for the purpose of improving the beach at South Harwich.

Accepted and adopted and $300.00 raised and appropriated.

Accepted and adopted.

Article 44. To see what action the Town will take in regard to its Herring Fisheries.

It was voted to accept and adopt the Finance Committee Report "That the Selectmen be authorized to sell the privilege for one year at public auction or private sale. No sale to be made unless satisfactory terms can be obtained.

SPECIAL TOWN MEETING WARRANT AND ACTION

Thursday, February 25, 1937

Article 1. To see if the Town will vote to raise and appropriate the sum of $5,000. to purchase the beach property belonging to the estate of the late Edward S. Clark, situated on the water front and bordering on Bank Street, comprising about 1 1-7 acres. The same to be held for bathing purposes.

By a rising vote of those present 85 for and none opposed, this Article was accepted and adopted and to raise and appropriate $5,000.00.

Article 2. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) for the Chief of Fire Department and Forest Warden Salary and Two Hundred and Fifty Dollars ($250.) for Chief of Fire Department and Forest Warden's expense.

The Finance Committee recommended that the Fire Chief be paid a flat salary of $650.00 a year from January 1, 1937, to include his expenses while within the town. Recommendation accepted and adopted and $650.00 be raised and appropriated.

Article 3. To see if the Town will vote to maintain one street light on Lower County Road, West Harwich on the fifth (or last) pole east from Pleasant Road and raise and appropriate a sufficient sum of money for the same.

It was voted to accept and adopt this Article and to raise and appropriate $9.00 for the maintenance of this light during the summer season.

Article 4. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars to stock ponds and streams with fish, and for the feeding and propagation of game within the Town limits and that a Committee of three be appointed by the Chair to have charge of the work.

Accepted and adopted and $200.00 was voted to be raised and appropriated. Committee appointed by the Chair was Howard C. Cahoon, H. C., Charles H. Taylor, H. P., Ralph W. Doane, H. P.

Article 5. To see if the Town will vote to elect a Surveyor of Highways at the next annual election, for the term of one year, or take any other action thereon.

Accepted and adopted.

Article 6. To see if the Town will rescind the vote whereby the Superintendent of Streets is appointed by the Selectmen.

Accepted and adopted.

Article 7. To see if the Town will vote to elect a Surveyor of Highways by ballot.

Accepted and adopted.

SPECIAL TOWN MEETING WARRANT AND ACTION

Friday, July 23, 1937

Article 1. To see if the Town will vote to authorize the Selectmen, so far as such authority may be necessary, to re-convey to Edith Sears and Henry C. Cahoon, land and buildings on Depot Street, North Harwich, which were conveyed to the Town in 1934-1935 by said Sears and Cahoon and to cancel and rescind any and all agreements which were entered into as consideration for which said properties were conveyed to the Town.

Indefinitely postponed.

Article 2. To see if the Town will vote to rescind the action taken at the Annual Town Meeting last Feb. 2nd, whereby it voted to accept articles 39, 40 and 41, and the sum of $1,200 was appropriated for the preparation of a zoning system.

Indefinitely postponed.

Article 3. To see if the Town will vote to make a Town ordinance that no building shall be erected, reconstructed or moved onto any premises in the Town of Harwich without a building permit obtained from the Board of Selectmen of the Town of Harwich. The Board of Select-

men shall not grant building permit if in their judgment said proposed building operation will depreciate the value of the adjoining or neighborhood property.

Article 4. To see if the Town will vote to raise and appropriate or transfer from surplus revenue a sum not to exceed twelve thousand, five hundred dollars for the purpose of furnishing and equipping the new Harwich Junior-Senior High School and for laying out and grading the School grounds or take any action relative thereto.

That the sum of $12,500. be transferred from surplus Revenue, for the purpose of furnishing and equipping, and for laying out and grading the grounds of the Harwich new Junior-Senior High School. So much of this appropriation as is expended for the laying out and grading the School grounds, may be expended in conjunction with Federal W. P. A. or other assistance.

Article 5. To see if the Town will vote to accept the following rules and regulations for the Water Department:—

Supt. of Water Works; how choosed.

The Water Commissioners may make rules and regulations for their Government and that of the Officers appointed by them; they shall annually elect, but not one of their own number, a Supt. of Water Works; they shall fix the compensation of such Officer; may appoint subordinates and assistants and fix their compensation; and may remove any appointee at any time; they shall have the exclusive and entire charge, superintendence and oversight of all lands Structures, Works, apparatus, pipes and fixtures, designed and provide for obtaining and supplying Water for the Town or to Consumers and of the use, repairs, extensions and improvements of such Water Works, structures and apparatus Pipes and fixtures; they shall have control and jurisdiction over all sources of supply possessed by the Town

and all lands appurtenant thereto owned or Lawfully controlled by the Town, and they may exercise all rights the Town has or may have, as to entry upon and passage over premises of the Town connected with or appurtenant to such works or supply.

The Commissioners shall have power to determine and assess Water rates and establish rules and regulations for the introduction supply, and use of Water, and to cut off the supply of Water from consumer who fails to observe and comply with the same, they shall not supply Water to any Building unless the Pipes and fixtures are conformable to their rules and regulations. A separate connection shall be required for each Estate.

The Town shall have the right to put in a Meter, in any case, at its own cost, and charge for water by measure instead of by Schedule rates.

Under the direction of the Commissioners, the Supt. shall have charge of the works and property connected with the Water Department, and shall perform all services in relation thereto required of him by the Commissioners; he shall immediately inform the Chief of the Fire Department of any stoppages or breaks in the Water Mains. He shall annually report to the Commissioners upon such matters as they require.

The Clerk of the Board shall perform such services as may be required of him.

He shall annually report to the Board detailed statements of receipts and expenditures in the department for the year preceding; the number of water takers; the number of cases in which water has been shut off, the number and amount of rebates, and give such other information as the Commissioners may require. He shall under the direction of the Commissioners, make, and send to water takers or owners of premises on which water is used Statements of amounts due for water, on or before the first days of April

and October in each year and such other times as the Commissioners shall direct; he shall have charge of the keeping of the Books and accounts and Records of the Board, the collection of moneys due it and the preparation of such returns and reports as it may be required to make. He shall immediately after receipt thereof pay over to the Treasurer all money collected by him.

All rates for use of water shall be payable in advance. In any case of non-payment of a bill for water for Thirty days after the same is due, the Clerk may send a notice to the delinquent, and unless said bill is paid within three days thereafter, together with twenty-five cents for said notice the supply may be cut off; and the water shall not be let on again until the amount due together with the fee for said notice and two dollars for shutting and letting on, is paid; provided also that no owner or occupant, and provided also, that in case of specific supply or where water has been let on for fractional parts of the term, the notice may be served and the water shut off immediately, and it shall not be let on again except upon the condition heretofore mentioned.

The Commissioners may make abatements in water rates in all cases proper.

The Clerk shall keep in suitable books the names of all persons who take water, the Name of the Street on which it is taken the nature of the number of takers, the amount charged, and the amounts of rebates these books shall be open at all times to the inspection of the Commissioners.

The following regulations and orders are established regarding Town water its supply introduction and use.

All persons using the water shall keep service pipes within their premises in good repair and protected from frost at their own expense and shall be liable for all damages which may result from their failure to do so they shall provide a Stop and waste cock to be properly located inside

the building, and have the pipes so arranged that water can be drawn from them to prevent freezing they shall prevent all waste of water, there shall be no concealment of the purpose it is used and water shall not be allowed to run to prevent freezing.

All service pipes shall be laid at least four and one-half feet deep.

The board shall restrict the use of water by those Fountains and otherwise as they deem necessary, and for violation of such restrictions the occupants of the premises shall be liable to have the water turned off from the premises and to the penalties imposed in the preceding section of waste or improper use of water.

No connection shall be made between a street Main and a building or private premises; or water introduced to a building or such premises without a written application made by the owner of said building or his authorized Agent, in such form and including such things as the commissioners may prescribe and including also an agreement on the part of the applicant to observe and comply with and be bound by such By-Laws and orders as the board may have established and such rules regulations as the commissioners thereafter may establish or adopt or may thereafter adopt relating to water or the supply introduction or use thereof.

When any extension of a water main is requested upon any Street or way the Commissioners unless otherwise determined by the Town by a two-thirds vote, shall require before such extension a bond shall be given to the Town in such amount and form and with sureties as they shall approve conditional that the obligors shall pay to the Town for such time as the commissioners determine at the times appointed for payment of water rates such sums as shall amount in the aggregate annually to six per cent upon the cost of such extension subject to diminution by the amounts

that the Town shall receive annually from rates paid for water by consumers connected with such extension.

The amount of such cost shall be determined by the board of Commissioners.

The Clerk shall give surety Company bonds for the faithful performance of his duties; the form amount and sufficiency to be approved in writing upon the Bond by the Water Commissioners in whose sole custody it shall remain the expense of such bond shall be paid by the department.

They shall keep a Cash book in which shall be entered each day the receipt of the day, they shall also keep a record of all money paid out with the name of each person to whom it is paid and whether it is for labor or material.

Their annual report shall contain a Statement of the condition of the Water Works and land and property connected therewith.

A detail account of receipts and expenditures.

All reports of the condition of the Town Water made by the State board of Health during the year.

The number of water takers.

The number of cases where water has been cut off.

The number and amount of rebates.

The amount of Water rates, collected and paid over to the Treasurer and the rate charged for the use of Water.

No alterations in any water pipes or Water fixtures, whereby the consumption of water is increased, shall be made without giving notice to and obtaining a permit from the Clerk of the Water Commissioners; and no Plumber or other person, shall make any alteration in or addition to a Water pipe or fixture except under said permit and only to the extent stated therein.

No abatement or rebate shall be made for a less term or period than three months.

In all occupied premises, every fountain Water closet, set basin, sink or other fixtures, whether used or not will be deemed and held to be used, and shall be charged for, so long as the same shall be connected with the water pipes.

The Commissioners or Superintendent or any authorized agent of the Commissioners may enter the premises of any water taker to examine the quantity used, fixtures, manner of use and to shut off the water for non-payment of rates or violation of rules and regulations.

No claim shall be allowed for lack of water or damage caused by shutting off the water in the main pipes to make extensions, connections or for any other reason found necessary by the board.

The owner of any premises, or his Agent when in the opinion of the Board a waste of water occurs shall be warned thereof in writing if such waste is not stopped in one week from the time said warning is given, the owner shall be liable to a fine of two dollars and the water shall be shut off from the premises, and not be let on for the same owner until the waste is stopped and the fine together with the sum of two dollars for shutting off and letting on the water are paid; and in case of a subsequent offence the water shall be shut off and not be let on again except by vote of the commissioners and a payment of a fine of not exceeding ten dollars the board shall have the power to decide what is waste or improper use of water.

All bills contracted by the water commissioners or Supt., shall be approved by the Selectmen.

The Moth Supt., may take water for spraying purposes from such hydrants as the Water Commissioners may direct.

Indefinitely postponed.

Article 6

Commonwealth of Massachusetts

Barnstable SS.

Harwich, May 1, 1937

ANNUAL TOWN MEETING WARRANT

FEBRUARY 7, 1938

Barnstable, SS.

To either of the Constables of the Town of Harwich, in said County, Greetings:—

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the Inhabitants of said Town qualified to vote in Elections and Town affairs to meet in Exchange Hall in said Town on Monday, February 7, 1938, at Nine o'clock A. M., then and there to act on the following Articles:—

Article 1. To choose on one ballot the following Town Officers and Committees: Town Clerk, Town Treasurer, Tax Collector, for one year; one Selectman, Overseer of Public Welfare and Board of Health, for three years; one Assessor for three years; three Herring Committee for one year; one School Committee for three years; one School Committee for two years; three Constables for one year; one Trustee of Brooks Library for three years; one Park Commissioner for three years; Moderator for one year; one Water Commissioner for three years; Surveyor of Highways for one year; one member of the Planning Board for five years.

Article 2. To choose all other necessary Town Officers and Committees.

Article 3. To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the reve-

nue of the financial year beginning January 1, 1938, and to issue a note or notes therefor payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To hear the report of all Town Officers and Committees, for the year 1937.

Article 5. To see if the town will vote to raise and appropriate such sums of money as may be necessary to defray Town expenses for the ensuing year, and act fully thereon.

Article 6. To see if the town will vote to instruct its Selectmen to control, regulate and prohibit the taking of Eels, Clams, Quahaugs and Scallops, within the Town limits as provided in Chapter 91, Section 85, and acts and amendments thereto, to the revised Laws of Massachusetts, and to make any regulations in regard to such fisheries as may be expedient, and act fully thereon.

Article 7. To see if the Town will vote to place one street light on Pleasant Road, West Harwich, said light to be placed on sixth or last pole in from Chase Street, and to raise and appropriate a sufficient sum for the same.

Article 8. To see if the town will vote to erect and maintain two street lights on poles on Depot Street, West Harwich, Mass., one near the residence of Aaron E. Baker and the other at the Junction of Depot and Division St., and act fully thereon.

Article 9. To see if the Town will vote to raise and appropriate a sufficient sum of money to erect and maintain two street lights on North Road, West Harwich, between the State Highway and Smith Street, and to act fully thereon.

Article 10. To see if the town will vote to erect and maintain two street lights on Wyndymere Road.

Article 11. To see if the town will vote to erect and maintain two street lights on Sea Breeze Avenue near the residence of William M. Sayles.

Article 12. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars ($200.) for the purpose of constructing a sidewalk in North Harwich; beginning at the four corners near the residence of Irene Baker, and extending northerly on the East side of the street as far as the money will go; the surfacing shall be of hot mix or concrete construction; and act fully thereon.

Article 13. To see if the town will vote to raise and appropriate the sum of Eight Hundred Dollars ($800.) to extend the sidewalk on the East side of Pleasant Lake Avenue and to harden same with bituminous concrete to go as far as money will allow.

Article 14. To see if the Town will vote to raise and appropriate a sufficient sum of money to harden with bituminous concrete or some other suitable material the sidewalk on the easterly side of South Street, extending from Main Street, Harwichport, to the junction of Miles and Pleasant Street.

Article 15. To see if the Town will vote to raise and appropriate the sum of Three Hundred Fifty Dollars ($350.) to harden and improve with oil the road leading from Professor Hersey's road to Uncle Venies road in South Harwich, and act fully thereon. By request.

Article 16. To see if the Town will vote to raise and appropriate Three Hundred Fifty Dollars ($350.) to harden and improve with oil the Mitton Road, so-called, and leading from Sisson Road to the town dump, and act fully thereon.

Article 17. To see if the Voters of the Town of Harwich will appropriate Five Hundred Dollars ($500.) to harden and improve with oil the road in West Harwich, known as Lothrop Avenue, from the State Highway to the Town Dump, and to act fully thereon.

Article 18. To see if the Town will vote to raise and appropriate the sum of Fifteen Hundred Dollars ($1500.) to dredge Allen's Harbor and channel, provided that the State and other agencies will contribute sufficient funds to complete the project; and act fully thereon.

Article 19. To see if the town will vote to raise and appropriate a sum of money for the purpose of extending the water main from Park Street to Pleasant Lake Avenue; thence to Main Street and join the water main there, and act fully thereon.

Article 20. To see if the town will vote to raise and appropriate the sum of Four Thousand Dollars ($4000.) for the installation of heat, plumbing and ventilation in the North Harwich School.

Article 21. To see if the town will vote to raise and appropriate the sum of Two Hundred Fifty ($250.) Dollars for the purpose of providing five Band Concerts, to be given by the Junior Community Band and other Cape musical organizations during July and August, at Brooks Park.

Article 22. To see if the Town will vote that the name of that part of Julien Road in South Harwich, which extends from its junction with Main Street (Route 28), to the corner opposite the property of Sawyer, be changed to Old Wharf Road, and that the name Old Wharf Road be also applied to the continuation of the present town road from said corner at Sawyer's property to the site of the old Commercial Wharf at the shore.

Article 23. To see if the Town will vote to accept Section 103A of Chapter 54 of the General Laws Ter. Ed., and any acts or amendments thereto. Said Section 103A being an act "Providing for absent voting at regular Town elections."

Article 24. To see if the town will vote to elect by ballot at the next annual Town Meeting a Board of three Cemetery Commissioners; one to be elected for one year, one for two years, and one for three years; and annually thereafter one to be elected for a term of three years. By request.

Article 25. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) to care for and keep in good order, the burial grounds within the town which are not properly cared for by the owners, under the provisions of Chapter 114, Section 16, of the General Laws, and instruct the Selectmen to have the care and protection of such burial grounds.

Article 26. To see if the Town will vote to raise and appropriate a sum of money not to exceed Fifteen Hundred Dollars ($1500.), under the provisions of Sub-Section 21 of Section 1 of Chapter 371 of Acts of 1921, and any and all amendments thereof and additions thereto for the employing of a nurse through the Harwich Visiting Nurse Association, Inc.

Article 27. To see if the Town will vote to raise and appropriate a sum not to exceed Five Hundred Dollars ($500.) to be paid to the Cape Cod Hospital for the establishment and maintenance of a free bed in the Hospital for the care and treatment of persons certified by the Selectmen to be residents of the Town and unable to pay for such care and treatment, in accordance with Section 74 of Chapter 111 of the General Laws, or take any action in relation thereto, and act fully thereon.

Article 28. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars ($2500.) to be used under the direction of the Selectmen for the promotion of public recreation and amusement in the form of Baseball, in accordance with Legislative Acts of 1930, Chapter 12, Section 1, and any acts and amendments thereto.

Article 29. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars ($300.) for the benefit of Chase Library, West Harwich.

Article 30. To see if the Town will vote to raise and appropriate the sum of Three Hundred Dollars ($300.) for the benefit of the Harwichport Library Association.

Article 31. To see if the Town will vote to raise and appropriate the sum of Six Hundred Dollars ($600.) for the use of Harwich Post No. 292, American Legion, in the proper observance of Memorial Day and Armistice Day, and for other purposes.

Article 32. To see if the Town will vote to raise and appropriate the sum of Twenty-five Dollars ($25.) for the expense of an officer finding and disposing of unlicensed dogs, and act fully thereon.

Article 33. To see if the Town will vote to raise and appropriate a sum of money for the improvement of Harwich-Orleans Road; said money to be used in conjunction with any money which may be allotted by the State or County, or both, for this purpose; or take any other action in relation thereto.

Article 34. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars ($3000.) to be expended in connection with W. P. A. work, said money to be expended under the supervision of the Selectmen.

Article 35. To see what action the Town will take in regard to its Herring Fisheries.

Article 36. To see if the Town will vote to raise and appropriate a sufficient sum of money to install a sprinkler system in the Exchange Building, for fire protection, and act fully thereon.

Article 37. To see if the Town will vote to rescind the action taken at the regular Town Meeting on Feb. 2nd. 1931 whereby it accepted Sections 1, 3, 6 and 7, and Sections 11 to 16 inclusive of Chater 142 G. L., and all amendments and additions thereto, said act being relative to the supervision of plumbing.

Article 38. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) to extend and repair Town Landing and Breakwater at Pleasant Bay, East Harwich.

Article 39. To see if the town will vote to rescind the action taken at the last Annual Town Meeting in Feb. 1937, whereby the town voted to accept Article 39 of the Town Warrant to establish a Planning Board.

Article 40. To see if the town will vote to rescind the action taken at the last Annual Town Meeting in Feb. 1937 whereby the town voted to accept Article 40 of the Town Warrant to accept the provisions of General Laws, Chapter 41, Section 81F to 81J., inclusive as added by Chapter 211 of 1936.

Article 41. To see if the town will vote to elect all Town Officers by popular vote that are now appointed by the Selectmen.

Article 42. To see if the Town will vote to raise and appropriate a sum of money to pipe water into the Police Station on Sisson Road, and to install suitable toilet accommodations for police officers and prisoners, or what action it will take thereon.

Article 43. To see if the Town will vote to appropriate the sum of One Thousand Dollars ($1000.) to be used for Extensions to the Town Water System when requested. Applicants for Extensions must guarantee the Town 6 per cent. income on the investment. To see what action the Town will take and act fully thereon.

Article 44. To see if the Town will vote to accept the following: When any extension of a water main is requested upon any street or way, the Water Commissioners shall require before such extensions are made that a bond shall be given to the Town in such amount and form and with sureties as they shall approve, conditionally that the Obligors shall pay to the Town for a period of five (5) years or as the Commissioners may determine, at the times appointed for payment of water rates, such sums as shall amount in the aggregate annually to six (6) per cent. of the cost of such extension, subject to dimunition by the amounts that the Town shall receive annually from rates paid for water by consumers of water connected with such extension. The amount of such cost shall be determined by the Board of Water Commissioners.

Article 45. To see if the Town will vote to have all of the Town's accounts audited annually by the Director of Accounts for Cities and Towns, and to act fully thereon.

Article 46. To see if the Town will vote to procure index maps of the town for the use of the Town Assessors, to raise and appropriate a sufficient sum and act fully thereon.

Article 47. To see if the town will by ordinance or by-law authorize the Collector of Taxes to be "Town Collector" under Chapter 41, Section 38A, and act fully thereon.

Article 48. To see if the town will vote to elect a Board of Selectmen, a Board of Assessors, a Board of Health, and a Board of Welfare, on separate ballots, fix their salaries, and act fully thereon.

Article 49. To see if the town will vote to amend its by-laws to require a quorum of at least 10 per cent. of its qualified voters and to act fully thereon.

Article 50. To see if the town will vote to relay and repair the brick sidewalk, a brick approach, in front of the Brook's Block; raise and appropriate a sufficient sum of money to pay the expense thereof, and act fully thereon.

Article 51. To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars ($200.) to stock ponds and streams with fish and for the feeding and propagation of game within the town limits, and that a committee of three be appointed by the chair to have charge of the work.

Article 52. To see what disposition the Town will vote to make of the Harwichport and West Harwich School Buildings no longer needed for school purposes.

Article 53. To see if the Town will vote to accept the road as laid out by the Selectmen, known as Hiawatha Road, Harwichport; beginning at Lower County Road and extending southerly over the land of James O. Hulse, the Town of Harwich, and land of Thomas F. Mahan, into Western Avenue, so called, and to see if the Town will vote to deed the small triangular piece of land, being a part of the land purchased from Mrs. Nellie F. Barrett to James O. Hulse in exchange for land taken by the town to complete this road and to act fully thereon.

Article 54. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) for the purpose of riprapping on the East side of Herring River,

providing the State and private subscription will pay the balance of the cost.

Article 55. To see if the Town will vote to raise and appropriate the sum of Twenty-five Hundred Dollars ($2500.) for the purpose of dredging a channel at the mouth of Herring River, providing that Fifteen Hundred Dollars ($1500.) is raised by private subscription and the sum of Four Thousand Dollars ($4000.) or more, by the State Department of Public Works, and to act fully thereon.

Article 56. To see if the town will vote to authorize the Selectmen, so far as such authority may be necessary to reconvey to Edith Sears and Henry C. Cahoon land and buildings on Depot Street, North Harwich, which were conveyed to the town in 1934—1935 by said Sears and Cahoon, and to cancel and rescind any and all agreements which were entered into as consideration for which said properties were conveyed to the town.

Article 57. To see if the town will vote to accept property located on Depot Street, No. Harwich, deeded to the town in 1934—1935 by Edith Sears and Henry C. Cahoon respectively, or take any action relative thereto.

Article 58. To see if the Town will vote to raise and appropriate the sum of Five Hundred Fifteen Dollars ($515.) to pay off the mortgage and interest on real estate conveyed to town in 1935.

Article 59. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) to harden and improve Town Property at foot of Bank Street to be used for parking.

Article 60. To see if the Town will vote to raise and appropriate the sum of Five Hundred Dollars ($500.) provided the County contributes Five Hundred Dollars ($500.)

and the State One Thousand Dollars ($1000.) for jetty work and shore protection between the Chatham and Dennis lines.

Article 61. To see if the Town will vote to raise and appropriate a sufficient sum of money to pay for land damage in connection with the widening and straightening of curve on Pleasant Lake Avenue, at Pleasant Lake, and act fully thereon.

Article 62. To see if the Town will vote to raise and appropriate a sufficient sum of money to resurface Lower County Road with pea stone from Main Street, Harwichport, to the Dennis line, and act fully thereon.

Article 63. To see if the Town will vote to adopt the following zoning by-laws or ordinances as reported and recommended by the Town Planning Board:

THE PROPOSED ZONING LAWS OF THE TOWN OF HARWICH

To promote the health, safety, morals, convenience and general welfare of its inhabitants, to lessen the danger from fire, congestion and confusion, and to improve and beautify the town under and pursuant to the provisions of General Laws, Chapter Forty, Sections Twenty-five to Thirty inclusive, and all additions and amendments thereto, including Chapter 41 Section 81A and Chapter 41 Section 81F to 81J, as amended by Chapter 211 of the Acts of 1936, the use, construction, repair, alteration and area of buildings and structures and the use of premises in the Town of Harwich are hereby governed and regulated as hereinafter provided.

ARTICLE I

The Town of Harwich is hereby divided into three districts as follows:

1. Single Residence District
2. Commercial District
3. Manufacturing and Light Industrial District.

ARTICLE II

Use regulations in the Single Residence District.

Section 1. In the Single Residence District no new building or erection or alteration, enlargement or extension of any buildings existing, or any part thereof, or land shall be used for any purpose except the following:

A. Private residences for not more than two families.

B. The renting of rooms in a one family residence by a resident on the premises.

C. The office or studio of professional persons residing on the premises.

D. Home industries and agricultural pursuits.

E. Parks for public use.

F. Permitted accessory uses shall be on the same lot as the building of the owner or lesee, and may include the following:

1. A private garage with space for not more than four cars for personal use may be provided on lots having an area of 8000 sq. ft. or more, and may be built into or attached to the house if desired.

2. Special permit may be obtained from the Planning Board for space for additional cars.

G. All uses in the Single Residence District must comply with Article 3, and Article 10, Sec. 2 Par. B., which refers to nuisances.

ARTICLE III

Height, Area and Location of Buildings in the Single Residence District.

Section 1. Height: No building or structure or part thereof shall be constructed, altered, enlarged, extended, reconstructed or raised so as to exceed more than two and one half stories.

No building for accessory use or part thereof shall be constructed, altered, enlarged, extended, or raised so as to exceed in any part a height of over two stories.

Section 2. Minimum area of lots: Every lot shall contain not less than 8000 sq. ft. with a frontage of not less than seventy-five feet.

Section 3. Area of lot covered by buildings: No more than 33 1-3% of the lot area shall be covered by the buildings including cornices, steps, balconies and similar projections.

Section 4. Set back line: The set back line of buildings in undeveloped sections shall not be less than twenty-five feet from the inside sidewalk line.

The set-back of houses constructed on vacant lots on developed streets, or sections, shall be not less than that of the houses now existing on said streets. In the case of a house constructed on a lot between two existing houses of different set-back, the new house shall be set back a distance not less than the average set-back of the two adjoining houses. Houses which face the beach constructed on beach front lots must set back not less than the set-back of existing houses on the beach front, or as provided above for a new house between two existing houses.

Section 5. Side Yard: The side yards shall be at least fifteen feet wide and this clearance shall extend clear back to rear house line.

Section 6. Rear Yards: There shall be behind any buildings used exclusively as a dwelling a rear yard having a minimum depth of twenty feet.

Section 7. On lots now established in a developed section containing less than the required minimum area, buildings shall be placed not nearer to the side lot lines or rear lot lines than those on the adjoining properties. Area of lot covered by buildings must not exceed that of adjoining properties.

Section 8. Location of Accessory Buildings: Permitted accessory buildings on any lot shall be located in the rear yard, and not nearer than three feet to the side or rear lot lines.

Section 9. Vision Clearance: No building or other structure, fence, wall, tree, hedge, shrub, banking or terrace, more than three feet in height from the mean grade of sidewalk, shall be erected, planted or maintained on any side of a corner lot fronting on a public or private way for a distance of twenty-five feet from the intersection of the street line.

ARTICLE IV

Use regulations in the Commercial District.

Section 1. In the commercial district no new building or the erection, or alteration, enlargement, of any existing building or any part thereof, or land shall be used for any purpose except the following:

A. The uses permitted in the single residence district.
B. For any commercial building, apartment house, hotel or apartment hotel.
C. For public building, office building, or bank.
D. For restaurant, merchantile business or store, or for other similar unobjectionable custom service or light manufacturing or repair business employing only quiet processes, excluding all that would be in any way a nuisance or hazardous.
E. Accessory uses shall be on the same lot as the building of the owner or lessee.
F. For any uses other than specified in these regulations permission may be granted by the Planning Board after a public hearing.

ARTICLE V

Height, Area and Location of Buildings in the Commercial District.

Section 1. Height: No building or structure or part thereof shall be constructed, altered, extended, reconstructed or raised so as to contain more than three stories or exceed fifty feet in height.

Section 2. Area of lot covered by buildings: The entire lot area may be covered except as provided in Section 4

Section 3. Minimum area of lot: Every lot shall contain not less than 2400 sq. ft. with a frontage of not less than 40 ft. and a depth of not less than 60 ft.

Section 4. Rear Yards: There shall be behind any building, except an accessory building, a rear yard of not less than fifteen feet. No part of any accessory building shall be nearer the rear lot line than three feet. Business or commercial buildings shall provide facilities for loading and unloading in the rear or side yard only.

Section 5. Temporary use of land: No temporary use shall be made of land for business purposes without a permit from the Board of Selectmen.

ARTICLE VI

Use regulations in the Manufacturing and Light Industrial District.

Section 1. The uses permitted in the Single Residence District and the Commercial District.

Section 2. Any lawful manufacturing, light industrial or commercial business of any kind will be allowed in this district, provided they comply with Article 10, Sec. 2, Par. B, which refers to nuisances.

ARTICLE VII

Height, Area and Location of Buildings in the Manufacturing and Light Industrial Districts.

Section 1. No restrictions on manufacturing and light industrial buildings.

Section 2. Residences in this area are governed by Articles II and III.

Section 3. Commercial buildings in this area are governed by Articles IV and V.

ARTICLE VIII

All District Boundaries are shown on a Zoning Map which will accompany these by-laws and be made a part thereof.

Business Areas Defined

1. Harwich Port:

SOUTH SIDE OF MAIN ST., commencing at the easterly boundary of Pilgrim Church property and extending to the westerly line of Bay View Road and extending back from the inside sidewalk line to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk line, but not to exceed 150 ft. in depth.

NORTH SIDE OF MAIN ST., from the easterly boundary of South Street to the westerly line of the property of Helen Flint, and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

Harbors: The shore line of harbors and rivers for the uses as now maintained including the following, the fishing industry, the receiving, storing and selling of petroleum and its products, the hauling, building, storing and launching of watercraft of all descriptions. The embarking and disembarking of the public at wharves as provided.

2. Harwich Centre:

SOUTH SIDE OF MAIN ST., from the boundary of the Congregational Parsonage property to the easterly boundary of Brooks Block and extending back from the inside sidewalk lines to the rear lot lines as now recorded in

the deeds of said properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

NORTH SIDE OF MAIN ST., from the westerly boundary of the Exchange Building property to the westerly bound of Oak St., and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

EAST SIDE OF BANK ST., from Main Street south to the north boundary of Arthur W. Tobey property and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of said properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

WEST SIDE OF BANK ST., the westerly side of Bank St., from its intersection with Main St. to the north boundary of the Roger W. Tillson property. From Bank St. west on the northerly side of Parallel St., to the westerly boundary of the Myron W. Rogers property and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

3. West Harwich:

NORTH SIDE OF MAIN ST., from the west boundary of the late Cyrus Robinson property to the Dennis line and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

SOUTH SIDE OF MAIN ST., from the easterly boundary of the Perkins property to the Dennis line and extending back from the inside sidewalk lines to the rear lot lines as now recorded in the deeds of all properties abutting said sidewalk lines, but not to exceed 150 ft. in depth.

4. South Harwich; East Harwich; North Harwich, and Pleasant Lake as now maintained.

5. Manufacturing and Light Industrial Area Defined: Extending back 500 ft. on either side from the center line of the right of way of the Old Colony R. R. and following its course from the Dennis line to the Queen Anne Crossing.

ARTICLE IX

Board of Appeals

When these Zoning By-Laws become effective a Board of Appeals to consist of three members shall be appointed by the Selectmen. The original appointments shall be for terms of one, two, and three years, and all subsequent members shall be elected at the annual town meeting for terms of three years.

There shall be three associate members of said board who shall be appointed in the same manner and for the same term as members.

Associate members shall serve only in the absence, disability, or disqualification of members. They shall be designated for service by the Selectmen.

A member or associate member of Board of Appeals shall not act in any matter in which he has a direct personal or pecuniary interest.

ARTICLE X

General Provisions

Section 1. No property owner shall deposit or permit to be deposited any refuse, discarded vehicles, rubbish, or debris on any vacant portion of his premises so as to render the same unsightly or unsanitary.

Section 2. No new building or erection, or alteration, enlargement, or extension of any existing building or part thereof, or land in any district shall be used for any of the following purposes:

A. Junk or rag shop, the storing or keeping of salvaged building materials, and automobile wrecking.

B. No use shall be allowed in any district from which there is an emission or discharge of fumes, vapors, gases, dust, offensive odors, chemicals, poisonous fluids or substances, refuse, decomposed vegetable or organic matter, or excrement, or which will cause unusual noise or vibration or increase the danger of fire or otherwise be dangerous or injurious to the public health and safety.

C. Any purpose harmful to the public morals.

D. A permit must be obtained from the Selectmen, which they may issue at their discretion, for the establishing of any sand, gravel, or stone pit.

ARTICLE XI

Present Uses

Nothing contained in these by-laws shall prevent the continued use of a building, structure or premises for the lawful purpose for which it is used at the time these by-laws take effect.

ARTICLE XII

If the observance of any use or regulation in any of the preceding articles should cause undue hardship, relief may be granted by the Board of Appeals after first holding a hearing with the Planning Board.

The Board of Appeals shall fix a reasonable time for the hearing of the appeal or other matter referred to it, and give public notice thereof in an official publication, or a newspaper of general circulation in the municipality, and also send notice by mail, postage paid, to the petitioner and to the owners of all property deemed by the board to be affected thereby, as they appear on the most recent local tax list, and decide the same within a reasonable time. At the

hearing any party may appear in person or by agent, or by attorney.

ARTICLE XIII

Any person violating any provision of these By-Laws shall be served with a written notice from the Board of Selectmen. Said notice will expire in 10 days from date. If no action has been taken to rectify violation at expiration of notice, a fine not exceeding twenty dollars shall be imposed. Such fine, however, not to act as a bar to a civil action.

HARWICH TOWN PLANNING BOARD
F. E. JOSEPH, CHAIRMAN;
L. B. ROBBINS, SECRETARY-TREAS.
R. H. NYE,
W F. KERSHAW,
W. W. KELLEY.

Article 64. To see if the Town will vote to raise and appropriate the sum of $6,500.00 to purchase and equip a Forest Fire Truck, and act fully thereon.

Article 65. To see if the Town will vote to raise and appropriate the sum of $1950.00 to build a Fire Station in West Harwich, said station to be located on the School House Lot, and act fully thereon.

Article 66. To see if the Town will vote to transfer the sum of Twenty-four Hundred Dollars ($2400.) from surplus overlays to the reserve fund and act fully thereon.

Article 67. To see if the Town will vote to raise and appropriate a sufficient sum of money to defray the unpaid bills of the Police Department, incurred for salaries and expenses, for 1937, or what action it will take thereon.

And you are directed to serve this Warrant by posting attested copies thereof one in each Post Office in said Town, seven days, at least, before the time of holding said meeting. The polls will be open at 9 o'clock A. M. on Monday, February 7, 1938, and may be closed at 2 o'clock P. M.

Hereof fail not and make due return of this Warrant with your doings thereon to the Town Clerk, at the time and place of said meeting.

Given under our hands this 27th day of January, 1938.

JABEZ W. CROWELL,
CHARLES D. HOLMES,
CHARLES T. CHASE,
Selectmen of Harwich.

A true copy.

REPORT OF THE SCHOOL COMMITTEE

We submit the following reports of the work in Harwich School system during the year 1937 for your information.

The New High School provides for the establishment of valuable and practical departments which will be useful in the lives of the students.

You will find a visit to the New High School of interest when it is in session.

Henry W. Thompson, Chairman of the Building Committee of the New High School and a member of the School Committee, had a keen interest in all educational work. He was a graduate of Tufts College and course in Ministry at Boston University gave him qualifications of value in educational work. He was a member of Pilgrim Lodge of Masons, Kiwanis Club and was interested in the Boy Scouts.

RALPH W. DOANE, Chairman,
LORING G. WILLIAMS,
HENRY M. SMALL,

School Committee of Harwich

IN MEMORIAM

Mrs. Allie C. Crowell

Mrs. Allie (Cole) Crowell, a teacher in the schools of Harwich and principal of the grade school at Harwich Center since 1923, died at her home in Dennis January 29, 1937 following an illness of bronchial pneumonia. Mrs. Crowell was a native of Beverly, Massachusetts and a graduate of Salem Normal School in the class of 1900. Before coming to Harwich she had taught in Fairhaven, Beverly, Belmont and was principal and teacher of the fifth grade in the Pine Street School at Taunton for ten years. Mrs. Crowell was a teacher of wide experience and deep understanding. Her influence was felt in the social, religious and school life of the community. For some years she had been Superintendent of the Dennis Methodist Episcopal Sunday School and member of the Ladies Aid. She was a member of the Pythian Sisters and Monomausett Teachers Club. Besides her husband, Everett C. Crowell, West Dennis, she is survived by a daughter, Theresa, a student in the Barnstable High School. Mrs. Crowell was a true teacher in spirit as well as profession. She loved her work and attained the undying affection of her pupils.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Committee of Harwich:

Herewith I submit the annual school report for the year 1937.

Many important changes have been accomplished during the past year. This may well be recorded as an outstanding milestone in the school history of the town.

The important events are the completion and occupancy of the new high school building and the consolidation of elementary grades. With the exception of North Harwich school, all grades are now located at the Center. Grades one to four inclusive, are in the old high school building and grades five, six and special class are in the old elementary building.

The facilities offered in the new high school building are much appreciated by the school and the public. All class rooms are light, attractive and well heated and ventilated as well as practical in finish and arrangement. Each room is provided with an electric clock, a house telephone and an amplifier which is connected with the central sound system of the building. This may be used for announcements, radio programs or reproduction of recorded programs. The program may be made available to all rooms at the same time or in any one room alone.

The Auditorium-Gymnasium is a dual purpose room. The stage is equipped with curtain, valances, foot ilghts and over-head lights. Amplifiers connected with the central sound system are at each side of the proscenium. The projection booth at the rear above may be used for spot lights as well as the location of the sound film projector. Space beneath the stage is designed for storage of the fold-

ing chairs. Four hundred fifty is the rated seating capacity of this Auditorium. Basketball steps at either end of the hall make the area available for games of basketball. Courts for other games are outlined on the floor. This room is in constant use from early morning to late afternoon and on many evenings. The space below the Gymnasium is occupied by shower and locker room and the General Shop. Some excellent equipment has been installed consisting of some power tools and hand tools for instruction in woodworking, auto repair, sheet metal, plumbing and electrical work. A substantial beginning has been made in all these departments and a quite unusually fine layout is provided for the development of the general shop.

Another feature of the building of which we are very proud is the provision for Household Arts. Here is found a foods and clothing laboratory and a suite of rooms to be equipped as a dining room, living room and bedroom. This is in line with the most modern practice in arrangement and is most practical from standpoint of utility.

Other features are described by Mr. Morris in his

HIGH SCHOOL REPORT

This school year, which is the tenth of my service to the town as principal of the high school, is marking a change from the planning and anticipation of what we would be able to accomplish to the feeling of gratification and satisfaction for what we are actually doing, now that the new building is an established fact. No longer do we dream of what we would like to do, but can't; but rather, getting the inspiration, with the cooperation of our staff, we do it.

NEW PROGRAM—This year is really the beginning of a new educational system. In planning for September, I wanted to increase the length of the class periods without increasing the length of the school day. I rearranged the pro-

cesses of the whole school, so that instead of each class meeting forty minutes a day, five days a week, or a total of two hundred class minutes a week; each class now meets sixty minutes a day, four days a week, or a total of two hundred forty class minutes. There are five periods a day, instead of seven, with the noon hour shortened from sixty minutes to thirty minutes, and the other time used as a regularly scheduled daily activity period for educational purposes.

Two of the activity periods are used for Assembly purposes. The other three are used for the needs and instructions of each home room group, as determined by the home room teacher. They may be for home room organization periods, for dramatization practice, for citizenship instruction, for social ethics, or any immediate need which may arise.

The lunch hour is divided into two thirty minute periods. As the normal capacity of the cafeteria is ninety-six pupils, grades seven and eight have lunch at 11:55 and grades nine to twelve at 12:05. By crowding a few of the tables, we are able to have all pupils eat in the cafeteria during this time.

NEW CURRICULA—We have in the school now, three regularly established curricula: college preparatory, commercial and general. In addition, provision has been made for a special class for those pupils who should be given special training in the practical arts.

The household arts department, where all branches of homemaking are taught, is open to all girls in the school and is compulsory for pupils in grades seven and eight. Periods are scheduled so that pupils have two regular classes each week with the opportunity of a third, if desired. In connection with this department, the demonstration apartment, which is yet to be furnished, is expected to be a decided asset.

The industrial arts department for boys is also planned to offer two regularly scheduled periods a week for all pupils who desire them, three compulsory periods for grades seven and eight, and the opportunity for additional time if needed.

The physical education department provides an opportunity for each pupil to have two gymnasium periods each week. "A strong mind in a strong body" is a desirable educational aim. This period of physical activity, followed by a hot water bath, has, among other things, done away with the necessty for recesses and long lunch periods. I have arranged the program of classes so that the boys and girls exercise on alternate days. Instruction in the health measures and first aid, instead of exercises, is given at times when the gymnasium is being used by the department of music.

The other departments of English, Mathematics, Science, Language, Social Science, Commercial Work, Music, and Art are being conducted along the same lines as usual.

FACILITIES OF THE NEW BUILDING—Every pupil has a full sized steel locker in which to keep outer clothing, books, and personal belongings. These, being locked, make for safety, cleanliness and neatness throughout the building.

The shower room, used by the physical education department, has 240 ventilated baskets, locked, in which each pupil keeps his gymnasium equipment. This ventilation feature is a factor for sanitation. In addition, there are sufficient steel lockers where each pupil may hang his school clothing while the class is going on. The floor of the room, which is painted concrete, is washed with an antiseptic solution daily. There is a foot bath containing an antiseptic which is used by all pupils entering and leaving the showers. This is to prevent spreading any foot disease. The tempera-

ture of the water in the nine shower baths is controlled automatically so there is no danger of scalding.

The Health room, which is to be fitted with all needed furnishings, is to be used by the doctor and the nurse in the periodic health examinations of pupils; by the special clinics which are held; as a retiring room by those pupils who may become ill; and as a private consultation room for those who wish to interview the principal.

The Library is a small separate room, furnished with tables and chairs, where general reference material is kept. In this room the pupil has opportunity to do research work and compile data in quiet surroundings. No classes are held in it and there is no conversation. The atmosphere of the room lends itself to favorable conditions for study and concentration.

The Cafeteria-Study Hall is a large well lighted room on the first floor, which is in use all the time school is in session. The dual purpose of the room enables us to get a more complete return on the space used. Inspectors from the State Department of Public Health were delighted to find such an ideal room for a cafeteria, as, in so many schools, it is in the basement where steam pipes and other paraphernalia run through it. Good, nourishing, well balanced lunches are served on a no-profit basis. A pupil is able to get an excellent hot lunch, including dessert, for about fifteen cents.

The Auditorium is in use all day and some evenings. The demand for it by the various teachers has been so great, that I now have to draw up a weekly schedule for its use, alloting time in proper proportions. I feel that this room should be available for use by all the organizations of the town, that it may become a real community center. I hope that the officers of such organizations will make application for it to the proper authorities.

The Teachers' room is a small room on the second floor which is to be used for the convenience of the faculty when furnishings are installed. So far it has not been used.

ASSEMBLIES—I think that our Assembly programs are an outstanding feature of our educational procedure. At present, we have two each week.

The one on Tuesdays is devoted to Visual Education. A program of motion pictures has been arranged through a distributing house. By means of these we are able to bring to the pupil, through eye and ear, parts of the outside world which otherwise he would not get.

The Friday Assemblies are of a different type. The school gathers for a period of exercises composed of hymns and songs, Bible reading, prayer, Salute to the Flag, and notices of interest to the student body.

These exercises are followed by a program sponsored by a home room group. It may be a speaker not connected with the school; it may be a dramatization of an educational play; it may be an observance of a special day; or it may be a musical period.

The Public Address system is a very important factor in making the Assembly programs a success. Whole dramatizations have been broadcast over it, and it has been used as an accessory in other plays.

I am pleased to report that, as time goes on, more and more citizens of the town are attending these Assemblies. I wish it would get to be a habit for friends to drop in at the school on Friday at 9:30 to attend the Assembly.

Respectfully submitted,

PAUL A. MORRIS,

Principal.

REPAIRS

During the year the following repairs have been made:

All pupils' desks in town have been refinished. The tops have been sanded and Swan treatment applied.

In the Old High School Building another flight of stairs to the basement from the first floor makes it possible to entirely separate the two basements. Floors throughout this building have been sanded and refinished with Swan Treatment. A new floor has been laid in the old commercial rooms. The walls and ceiling have been redecorated and these rooms will shortly be used for the School Office.

The dental chair which was contributed by the Visiting Nurse's Association has been installed in the health room and connected with electricity and running water. A wash bowl has also been installed in this room.

These improvements in the health room add a very great deal to the utility and convenience of the health equipment.

Gas heaters have recently been installed in the basement of the Center Elementary school. These are designed to prevent freezing of water pipes and add to the comfort of the building.

Both the old High School Building and the Elementary Building have been connected with the town water.

I trust that in 1938 some improvements may be made on the North Harwich Building.

ART

Mr. Paul G. Greeley resigned as Supervisor of Art in order to accept a position in the same line of work at Waltham. We were sorry to lose Mr. Greeley. He did a fine piece of work here and we wish him every success in his

new field. Miss Lucile Nichols has succeeded Mr. Greeley. She has carried the work in an able manner. Children learn much by her instruction.

Miss Nichols reports on her work as follows:

"From February 8, 1937 the purposes or aims have varied according to the apparent needs and interests of the students. In the first four grades, drawing is accepted as a natural sense of expressing the experience of every day life. These children are ready to draw their 'dog and boy going to school' as naturally as they would write a story about it. Although they are not yet independent of instruction, their spirit is willing, their vision is keen and their minds open. All of which enables them to understand and accept many things which older children find difficult, such as the fact that red and yellow will make orange, that red is warm and blue is cool, and when two houses are drawn one is larger because it is nearer than the other.

"In grades five and six more attention is given to detail, to light and shade, color and correctness of drawing. Last spring the fifth grade made a tour of the United States and their work reflected a lively interest in the changing landscape and different types of architecture as well as in the auto, train and airplane in which we traveled.

"In the upper grades the children grow more critical of their own work and many of them feel that drawing is necessarily hard and that one must be born with talent to do good work. This idea is too firmly established in the minds of many of us, in and out of school, to be easily shaken but drawing is not taught with the intention that the Harwich children will all grow up to be artists.

"Art is a matter of utility as much as of beauty. Chairs and tables are useful and necessary but may also be beautiful. Clothes, dishes, rugs, tools, machinery, automobiles and a thousand other things are designed for a

purpose — and to be as attractive as possible. Not a day passes without our using and enjoying something that is beautiful as well as useful.

"Children understand this gradually and as some of them continue to improve their drawing and develop their ability, others, we hope, will realize that even if their fingers refuse to make beautiful pistures their minds will grasp more readily the underlying significance of the arts.

"Some of the important features already dealt with have been: lettering, figure work, interior decorating, book illustration, transportation, (drawings of automobiles, airplanes, ships, trains), travel posters, animal drawings, sketches of sign posts for the planning board, designs for textiles, architecture, perspective, designs for lamps, some fashion drawings and the basic principles of symbolism as it is used in advertising."

Respectfully submitted,

C. LUCILE NICHOLS,
Supervisor of Art.

VOCAL MUSIC

Miss Patch submits the following report for the year 1937.

"The first grade child's introduction to vocal music is through songs sung by the teacher and imitated by the child. These rote songs have for subject matter the seasons, special occasions such as Christmas and Hallowe'en, and those things of interest to a small child such as toys and animals. This work is continued through the second grade; and during the last three or four months note-reading is started by imitation. The third grade receives constant drill by the grade teacher in note-reading, laying the foundation for future sight-singing and also learns occasional rote

songs. The second or alto part is introduced in the fourth grade and continued in the fifth while a third part is added in the last half of the sixth grade. Through a series of standard graded books the work is kept within the abilities of each class.

"In each class there is a choir which consists of those children who can sing alone and correctly an entire song of the technical difficulty belonging to that grade. The elementary choir of grades 4, 5 and 6 dressed in black robes with white collars, presented an effective program of Christmas carols at the Woman's Club for the December meeting.

"The patriotic songs are started in the first grade with two verses of America; and by the time a child finishes gride six he should know four verses of America, four of America the Beautiful and three of The Star-Spangled Banner.

"The story of 'Alice in Orchestralia' by Ernest LaPrade is being read to grades five and six to give them a background and understanding of the symphonic orchestra in its separate groups of string, wood-wind, brass and percussion instruments and to prepare them to enjoy more fully the splendid work done by our own school orchestras.

"The high school chorus sings not only the familiar folk songs, but many of the standard works of the great composers. Although at times these songs can not be finished perfectly, they do open the way for an appreciation of the best vocal literature, and with the fine programs that are given on the radio, the students' enjoyment of good music can be greatly enlarged. Some discussion of present day musicians and their performances is held. This helps to widen musical horizons. A large chorus from the Monomauset district has sung at both the spring and fall concerts. Twelve boys and girls from our district were fortunate enough to be able to sing in the ALL New England

Festival Concert held in Hyannis in March 1937. Your vocal supervisor feels that the high school group is doing very good work and at the same time is enjoying the vocal music."

Respectfully submitted,

CHARLOTTE PATCH,

Supervisor of Vocal Music.

INSTRUMENTAL MUSIC

To quote Mr. Nassi:

"The great concern of a supervisor is how to improve his classes every year so that he may attain better results than he formerly has.

"I think that at present, we have a school music system in our district which compares with the best in the country. One has only to compare our pupils with those who come to our schools from elsewhere in order to realize this fact. However, our aim is not to dwell on the present laurels but to endeavor to improve the present conditions, to discover where the faults lie, take suggestions for their improvement, and to remedy them. It will be my aim in this report to point out some means of improvement in our system with the hope that parents and those who are interested in our system may approve of them.

"One of the most important things in the study of music is a reasonable amount of practice at home. Music, as taught today in the schools, in comparison with the other subjects is at a disadvantage. Teachers of the so-called 'regular subjects' have the advantage of several periods during the week while the music teacher has only one or, at the most two periods, and several minutes of this short time necessarily have to be sacrificed to tuning, seating, repairing, etc. So, it is absolutely necessary under the

conditions, that some reasonable amount of practice be done at home. This is the place where the cooperation of the parent, especially in the case of young beginners, is imperative. From long experience it is proven that the progress of the child in music is correspondingly equal to the interest of the parents in the subjects.

"The next thing of importance for the success of music is the cooperation of the class-room teachers. In my teaching throughout the Cape schools, I am pleased to say that I have the cooperation of the principals and teachers and I am thankful to them for this cooperation.

"I believe that all of the teachers, regardless of the subjects in our educational system, should be interested not only in their subject, but in the education of the children at its broader sense and remember that their purpose whether it is music, art, or literature that they are teaching is to help make life more sensitive to beauty. To make our subject exalt the human spirit, and make life richer and nobler.

"I think that pupils who devote a period of four or five hours per week to practice at home, in addition to their regular period in school, should be given as much credit as in any other school subject.

"As I follow the careers of my pupils after they have graduated, I am glad to know that most of them make use of their musical education by playing in their college orchestras or bands, and other ensembles, some of them have taken music as their profession and those who did not continue with their education still continue with their music in various civic organizations. Our musical season last year was very successful in its undertakings. Our two major district and Monomauset concerts as well as the local concerts were very successful.

"The 28 selected musicians who participated last year in the New England Festival of Music in Hyannis had

an experience that they will never forget. A similar group is being prepared to go to the Festival which is to be held in New London, Connecticut.

"There are 56 pupils taking instrumental music in the Harwich schools. There are 18 in the Junior orchestra, 24 in the Senior orchestra and 14 beginners.

"Our work has been greatly improved in Harwich due to the fact that we hold our classes and rehearsals in the well equipped, centralized new building.

"I wish to thank Mr. Morris and the teachers for their help in our work. Mrs. Nassi has a large beginners class this year."

Respectfully submitted,

THOMAS NASSI,

Supervisor of Instrumental Music.

ATTENDANCE

Mr. Wood reports on his work as follows:

"In rendering my report as Supervisor of Attendance, I have to report truancy and poor attendance more than in former years. Sickness has been one of the prevailing excuses.

"I find that the lack of shoes and proper clothing has not been as serious a problem this year as in previous years."

Respectfully submitted,

JOHN T. WOOD,

Supervisor of Attendance.

HEALTH

Report of the School Nurse

The first lecture given by the State Department of Public Health, in February was called the Charm Course, given by Miss Albertine McKellar.

This lecture was given to help the older girls in regards to their personal care. All the girls in the High School took advantage of this and seemed much interested.

In May, Miss Morse, from Dr. Goff's office, assisted in examining the hearing of all of our school children. The Audiometer was used and is considered a very accurate test. Fifteen children were found to have a loss of hearing. Home visits were made on these cases.

In March and April thirteen days were given to the Dental Clinic, conducted by Dr. W. E. Turner, of Marion. One day was given to examining the children in grades 1, 2, 3 and 6.

Children Treated	90
Permanent Fillings	238
Fillings in deciduous teeth	192
Extraction of permanent teeth	1
Extraction of deciduous teeth	47
Cleanings	73

The Barnstable County Health Department kindly loaned their equipment.

The Visiting Nurse Association have purchased a Dental Equipment to be installed permanently in the Health Room at the Grade School and we hope in the near future to have a monthly clinic.

In June immunization for Small-Pox was given by our school physicians; eighteen children were vaccinated. This is a State requirement for children entering school, so

parents please see to it that your children are vaccinated before they enter school.

The Chadwick Clinic was carried on again this year by Dr. Julius Kelley of the Barnstable County Sanatorium. This work is carried on every year to detect new cases of tuberculosis and follow up old ones. X-rays were taken and if any new developments occured parents will be notified.

One child was carried to the North Reading State Sanatarium in August.

This summer we were allowed only one child at the Summer Camp at Pocasset. The children were chosen very carefully by Dr. Kelley. They come from homes where there has been tuberculosis.

The milk was distributed to children whom we found to be undernourished. 3253 bottles of milk were given.

Respectfully submitted,

MRS. MARIA PUTNAM BEARSE, R.N.
Substitute Nurse.

Report of School Physicians

In comparison with previous years we are pleased to report that this one has been quite free from the more serious epidemic diseases. The minor skin diseases are with us always but early isolation and treatment have prevented any serious spreading of these diseases.

For many years it has been recognized that scholarship without good health is seldom worthwhile. Today, cooperation between teacher, nurse and physician have placed the child's body in a condition enabling him to profit most from the teacher's efforts.

Certain routines have been standardized and we are pleased to say that the parents are cooperating in carrying

out the Preschool clinic, the Chadwick tuberculosis clinic, the Dental clinic and the annual physical examination.

As school physicians we are greatly pleased with the opportunities offered by the new school building. We feel that the organized, directed exercises now afforded are a real asset to our children. We hope especially that these exercises will develop a consciousness of, and striving for good posture on the part of all our students. Correct posture in both the standing and sitting positions can be a real advantage to anyone throughout life. We expect that our new facilities will accomplish more in this direction than has previously been possible and we believe that this alone is well worth the financial investment in the Physical Education department of the new school.

Respectfully submitted,

J. P. NICKERSON, M.D.
H. F. ROWLEY, M.D.
School Physicians.

If space permitted we could record the above with greater detail. We could also mention some events which have been omitted.

Allow me to express the belief that 1937 has been a year of marked improvement and I venture to expect that the improvement has only begun. The new high school and the new quarters for consolidated grades represent a great stride forward. Full utilization of all the physical opportunities requires more time than the four months from September to the close of the year. However, growth is in progress. Let us look forward and not backward. We shall attempt more and better things in 1938.

Respectfully submitted,

CHARLES H. PRATT,
Superintendent of Schools.

NOTES:

(1) Parker M. Green began his work in Harwich in charge of the new general shop in the new Harwich High School when it opened on September 7, 1937. Mr. Green had been employed as foreman at the General Electric Plant at Lynn, Mass.

(2) Mr. Raymond began his work as Physical Director on the opening of the new High School September 7, 1937.

(3) Miss Elna I. Ruska began her work as teacher of Junior High School subjects at the opening of the new High School September 7, 1937.

The three positions above represent additions to the faculty caused by enlargement of the curriculum and enrichment of the courses when the new building was opened.

(4) Miss Doris E. Russell succeeds Miss Gertrude M. Roscoe as teacher of foreign languages. Miss Russell began her work in Harwich September 7, 1937. Miss Roscoe taught in Harwich two years: September 3, 1935 to June 25, 1937.

(5) Mr. Everett R. Porter succeeds Mrs. Allie C. Crowell deceased. Mr. Porter assumed his duties as Principal of the Center Elementary School on March 4, 1937. Mrs. Allie C. Crowell held this position from September 1919 to the time of her death, January 29, 1937.

(6) Miss Mary L. Phelan succeeds Miss Phyllis B. Fall as teacher of North Harwich grades 1, 2, 3. Their periods of service are:
Miss Phyllis B. Fall September 8, 1936 to June 25, 1937.
Miss Mary L. Phelan September 7, 1937.

(7) Miss C. Lucile Nichols, Supervisor of Art, School Union No. 21.
Began her work February 8, 1937. She succeeded Mr. Paul G. Greeley who served from May 1934 to February 12, 1937.

HARWICH SCHOOL CALENDAR

September 7, 1937 to December 24, 1937	16 Weeks
January 3, 1938 to March 25, 1938	12 Weeks
April 4, 1938 to June 17, 1938	11 Weeks
Graduation Exercises will be held on Friday evening, June 17, 1938.	
September 6, 1938 to December 23, 1938	16 Weeks

A meeting of the teachers of Chatham, Eastham, Harwich and Orleans will be held at Eastham School on Tuesday, September 6, 1938, at 9:30 A. M.

School sessions will begin Wednesday, September 7, 1938.

There will be no school on the following days:

February 22, Washington's Birthday (Tuesday).
April 19, Patriots Day (Tuesday).
May 30, Memorial Day (Tuesday).
September 6, Labor Day (Monday).
September 7, Teachers' Meeting (Tuesday).
October 12, Columbus Day (Wednesday).
November 11, Armistice Day (Friday).
Thanksgiving Recess (Thursday), and the Friday following.
One day for Barnstable County Teachers' Convention.
One day for Teachers' Institute if called by the State Department of Education.
